In all cases, UEE has sole responsibility and discretion for determining the cause and nature of an Equipment defect, and UEE's determination will be final. The Purchaser's exclusive remedy and UEE's sole liability for a breach of warranty during the Warranty Period is, at UEE's option, to replace or repair the defective Equipment or to refund to the Purchaser the purchase price of such Equipment.

b) The Purchaser is responsible for the cost of removal of defective Equipment from its related system, site or ancillary equipment, and the cost of reinstallation in such system, site or ancillary equipment, including all transportation costs to and from UEE. The Purchaser will not return or dispose of any Equipment or part thereof with respect to which it intends to make a claim under this warranty without the written approval of UEE.

c) Any repair or replacement of Equipment pursuant to this warranty will not renew or extend the Warranty Period. This warranty does not apply to:

i) any damage to or defect of the Equipment as a result of any of the following: improper handling during or after shipment, improper installation, operating the Equipment in an application or environment or under conditions contrary to UEE specifications or instructions, neglect, modifications or alterations made by the Purchaser, accident, inundation, fire or normal wear and tear; or

The Purchaser hereby acknowledges that it has not entered into this transaction in reliance upon any warranty or representation by any person or entity except the warranties or representations set out herein. UEE does not warrant that Equipment will be free from design defects or errors.

9) PRODUCT REMARKING

The Purchaser will not remark or modify Equipment markings including, but not limited to, the equipment logo, part number, patent marking or other printed or attached labeling in any way. The warranty set out in Section 8 is void as to any Equipment on which the Purchaser has altered, removed, or remarked any portion of, the Equipment part number, date code, logo, or factory code.

10) CUSTOM EQUIPMENT

If this purchase is a special Order for custom designed Equipment, the provisions of this paragraph supersede any conflicting general terms of these terms and conditions. UEE will have exclusive rights to Equipment designed and manufactured for the unique needs of the Purchaser to the Purchaser's specifications or requirements ("Custom Equipment"). UEE will retain all rights, title, and interest to and possession of designs and manufacturing processes. UEE may use individual parts of Custom Equipment designs in other designs. The Purchaser will not use any individual parts of Custom Equipment designs except as a part of Custom Equipment designed and manufactured by UEE. Prices and schedules for Custom Equipment are subject to change by UEE if the Purchaser revises or supplements any specifications or there are unforeseen difficulties with the design. Custom Equipment will be described in the applicable Order at or before the time that UEE begins its manufacture or assembly.

11) INTELLECTUAL PROPERTY

UEE offers and sells the Equipment to the Purchaser subject to the condition that such sale does not convey any license, expressly or by implication, estoppel or otherwise, under any patent, copyright or other intellectual property right of UEE or with respect to which UEE may grant licenses. UEE expressly reserves all its rights under such patents, copyrights or other intellectual property rights.

The Purchaser will not reverse engineer, copy, disassemble, tamper with, or otherwise attempt to reconstruct any physical embodiments, prototypes, samples, methods, software or products provided to the Purchaser. If the Purchaser performs any such actions, all data, results and any inventions, discoveries or works arising from such

actions will be owned by UEE and the Purchaser will, at its expense, assign any such inventions or discoveries to UEE.

UEE will have no obligation or liability to the Purchaser for any claim of infringement of any patent, copyright, mask work, trademark, or design or for any claim that UEE has misappropriated or unlawfully disclosed or copied or used any data or trade secrets. With regard to Equipment sold to the Purchaser under these terms and conditions, the Purchaser will indemnify UEE and hold UEE harmless for, and the Purchaser will be responsible for and pay, any and all awards or damages assessed against UEE and any expenses incurred by UEE to defend against any claim arising out of (a) modifications to or improper use of Equipment by any person or entity other than UEE, (b) conformance by UEE with specifications, designs or instructions provided by the Purchaser, or (c) the combination or incorporation of any Equipment, or of the elements of any Equipment, with any other circuitry, subassembly, products, equipment or materials not supplied by UEE. This Section 11 sets out UEE's entire liability and obligation (express, statutory or implied or otherwise) and the Purchaser's liability and obligation, with respect to intellectual property infringement or intellectual property infringement claims relating to the Equipment.

12) INDEMNITY AND LIMITATION OF DAMAGES

The Purchaser will defend, indemnify and hold harmless UEE for any and all damages, liabilities, costs and expenses (including all actual legal costs), fines, or losses in connection with any threatened or actual claims, actions, demands, investigations, or suits, including, claims or suits by third parties, arising out of any of the following: (a) negligent or willful acts or the Purchaser or its directors, officers, employees, agents or sub-consultants; (b) repair or alteration of Equipment by persons other than UEE (unless expressly authorized in writing by UEE); (c) modification of Equipment by the Purchaser that results in the actual or alleged infringement of any intellectual property rights of any third party; (d) Equipment produced by UEE according to the Purchaser's specifications; (e) any violations of export control laws by the Purchaser; or (f) breach by the Purchaser of any provision in these terms and conditions.

13) LIMITATIONS OF DAMAGES

The total liability of UEE arising out of or relating to these terms and conditions or the sale of Equipment to the Purchaser, whether for breach of contract or warranty, negligence or otherwise, will not exceed the purchase price of the Equipment that is the basis for such liability. UEE is not liable for any costs of procurement of substitute equipment by the Purchaser, or for any loss of profits, business interruption losses, or any special, indirect or consequential damages.

14) FORCE MAJEURE

UEE will not be liable for any loss, damage or penalty resulting from a failure to fulfill an obligation under these terms and conditions if such failure is due to supplier delay, war, strikes, civil or labor unrest, shortage of labor, shortage of materials, fire, floods, explosion, natural disaster or other Act of God or any other cause beyond the reasonable control of UEE.

15) CONFIDENTIALITY

Unless otherwise agreed in writing by UEE, the Purchaser will not disclose the pricing or other terms of this Order to any third party.

16) GENERAL

No waiver of any provision of these terms and conditions by a party is binding or effective unless it is in writing and signed by such party. If any provision of these terms and conditions is invalid or unenforceable, it will be

severed from these terms and conditions and will not affect the enforceability or validity of the remaining provisions of these terms and conditions. These terms and conditions will survive the fulfillment of this Order.

17) GOVERNING LAW

The interpretation of this Order will be governed by the laws of British Columbia and the laws of Canada applicable therein.
